Codex, Claude

INTRODUCTION

Digital media designer focused on product experiences, user flows, UI direction, and handoff-ready interfaces. I am building toward a stronger product design path, with growth potential in UX strategy, design systems, and AI-assisted workflows. I balance user needs, implementation efficiency, and business goals across product screens and landing pages.

UI/UX Designer

Digital Product

2 years of experience

EXPERIENCES

UI/UX Designer

Mar 2026 - Aug 2026

Prime Commerce Asia Co., Ltd. · Contract

- Turn business requirements into user flows and handoff docs.
- Create product landing pages with clear messaging and conversion flow.
- Work with developers and stakeholders to keep design intent aligned.

Designer & Event Logistics

Mar 2025 - Present

Friends of Figma, Ho Chi Minh City · Community / Freelance

- Support Config Watch and design workshops for the Figma community.
- Design stickers, standees, and other event assets.
- Collaborate with teammates to promote design culture.

Multimedia Designer

May 2024 - Oct 2025

DYM Medical Center Vietnam Co., Ltd. · Full-time

- Redesigned the DYM website to strengthen brand recognition and improve CMS-based content management.
- Produced landing pages and digital assets for campaigns and growth.
- Led event visual content, from planning and photography to creative direction.

UI/UX Designer

Oct 2023 - Jan 2024

MLTech Soft Co., Ltd. · Internship

- Mapped user flows and wireframes plus interactive prototypes for client products.
- Designed video posting and ranking score features in the Happy Lof School app.
- Prepared design system documentation and handoff assets for developers.

Freelance Designer

2022 - Present

Self-employment · Contract / Freelance

- Deliver branding and digital design solutions for startups, including websites, landing pages, and marketing materials.
